Key Components of the Square Deal Explored in the Worksheet

The Square Deal was Roosevelt's promise to promote fairness in three main areas: conservation of natural resources, control of corporations, and consumer protection. A well-crafted worksheet will guide learners through each of these pillars.

1. Conservation of Natural Resources

Roosevelt was a pioneer in environmental conservation. His Square Deal included efforts to preserve national parks, forests, and wildlife. Worksheets might ask students to identify specific conservation

policies Roosevelt implemented or discuss why conservation was necessary during the industrial boom.

For example, questions could focus on:

- The creation of the United States Forest Service.
- The establishment of national parks like Yosemite.
- The impact of conservation on future environmental policies.

This section helps students understand Roosevelt's vision of responsible stewardship of natural resources, a concept still relevant today.

2. Control of Corporations

One of the most famous aspects of the Square Deal was Roosevelt's stance against monopolies and unfair business practices. He believed in regulating powerful corporations to protect the public interest without destroying the capitalist system.

Worksheets often include:

- Analysis of the Sherman Antitrust Act and Roosevelt's enforcement of it.
- Case studies of trusts broken up during his administration.
- Discussions on the balance between government intervention and free enterprise.

This part challenges students to think about economic fairness and the role of government in regulating business.

3. Consumer Protection

The Square Deal also addressed consumer rights, focusing on product safety and honest advertising. Roosevelt pushed for laws like the Pure Food and Drug Act to prevent harmful products from reaching consumers.

Activities might involve:

- Reviewing excerpts from the Pure Food and Drug Act.
- Debating the importance of government oversight in consumer goods.
